RE: New Corporate Membership Offering

Dear [Business Contact Name],

It's been a year of tremendous change at the Campbellford and District Curling and Racquet Club (CDCRC). Thanks to a generous grant from the Campbellford-Seymour Community Foundation, improvements made to the recreational facilities, equipment and programs have brought the club into the modern era of health and physical activity. The CDCRC is a proud member of the Trent Hills community and stands by its mission to provide a clean, user-friendly and safe facility that contributes to the physical fitness, recreational and other community needs for the residents of Campbellford and surrounding area.

As the club improves, so too does our community of members. Beginning this Fall, the Meyers Sports Club, which is the independent operator of CDCRC's recreational activities, is excited to launch its **new Corporate Membership** offering to fellow businesses in the Trent Hills area.

What does this mean?

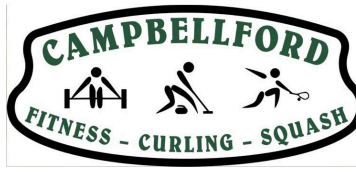

Employees of businesses that enter into a corporate membership agreement will be entitled to a **discounted annual membership rate**. A company's discounted rate may be between 15-25% less than the standard rate based on the number of employees that sign up from that business.

What does membership include?

As a member of the Meyers Sports Club, your employees will be entitled to usage of all fitness areas of the facility, including the cardio and weight rooms, squash courts, and curling rink. We are also pleased to offer our members with group fitness classes, such as yoga and kettle bell, lead by licensed fitness instructors. Access to spacious change rooms with lockers, showers and sauna is also included.

We look forward to working with you and your employees to help reach your health and fitness goals this Fall. Additional details of our corporate membership offering are listed below. Please reach out at any time to discuss how we can work with your business.

Sincerely,

Eunice Stapley
